MEMORANDUM FOR THE RECORD

SUBJECT: Monthly Exchange of Ideas, Technical Advances  
and Future Plans: AMSAA and INSCOM GRILL FLAME  
Personnel (U)

1. (U) On 8 May 1979, the monthly meeting between AMSAA and INSCOM GRILL FLAME personnel took place at Aberdeen Proving Grounds, Maryland. The following personnel attended the meeting:

MAJ Watt, Project Manager, INSCOM  
1LT Atwater, Assistant Project Manager, INSCOM  
Lynne Taylor, Project Manager, AMSAA  
Three other members of AMSAA GRILL FLAME staff.

2. (S) Lynne Taylor informed us that AMSAA has been tasked by Dr. LaBerge, Under Secretary of the Army, to find out if psychic phenomena really exists and to develop a program that would prove/disprove such a theory. No definite element of psychic phenomena (i.e., Remote Viewing, PK) was identified. AMSAA has until the first of the year to develop a program.

3. (S) Lynne Taylor informed us that the contract had been let with SRI on 23 April 1979. The total contract was for \$190,000 and is entitled "Special Orientation Techniques". I asked Ms Taylor to send us a copy of the finalized contract --she stated that one would be forwarded shortly.

4. (U) We spent about 30-45 minutes reviewing some of our reports. AMSAA personnel were very interested in them and had no negative comments to make.

5. (S) We discussed the "targeting" of Dr. LaBerge as proposed by MAJ Stoner, OACSI. We agreed on procedures to follow and what date/time would be used by both elements.
